Mad Science of Maine

“Olympic Madness”

Tuesday, June 28th

10am-11am

At the Center for All Seasons

Join us for an interactive children’s show that explores the FUN-damentals of the science of sports. Our scientists will light the Mad Science Olympic torch using a spectacular combustion reaction with colored flames. Test out your strength and discover the wonders of air pressure in a Tug-of-War challenge. Learn about the science behind cycling with a gyroscope that will make your head spin. Explore energy transformation in soccer and tennis. Become a gymnast as we experiment with the center of gravity.

**ON YOUR MARK,
